

**A mistake on the pitch
might cost you the game.**

**A mistake on the road
can cost you your life.**

The Road Safety campaign, designed and co-ordinated by Ulster GAA in conjunction with Tyrone County Committee aims to raise awareness of Road Safety.

Many of our clubs have been directly impacted by fatalities caused by Road Traffic Accidents. The implementation of the programme into Tyrone clubs is a positive step for us in GAA in doing what we can to reduce the carnage on our roads, particularly amongst our young members.

These nights will involve Road Safety educators from the Fire & Rescue Services, the PSNI and Garda Síochána in attendance to deliver their message to Club representatives. Your club membership aged over 16, is invited to attend the event detailed below:
